

SALES BROCHURE 售樓説明書

# 一手住宅物業買家須知

You are advised to take the following steps before purchasing first-hand residential properties.

#### For all first-hand residential properties

#### 1. Important information

- Make reference to the materials available on the Sales of First-hand Residential Properties Electronic Platform (SRPE) on the first-hand residential property market.
- Study the information on the website designated by the vendor for the development, including the sales brochure, price lists, documents containing the sales arrangements, and the Register of Transactions of a development.
- Sales brochure for a development will be made available to the general public at least 7 days immediately before a date of sale while price list and sales arrangements will be made available at least 3 days immediately before the date of sale.
- Information on transactions can be found on the register of transactions on the website designated by the vendor for the development and the SRPE.

#### 2. Fees, mortgage loan and property price

- Calculate the total expenses of the purchase, such as solicitors' fees, mortgage charges, insurance fees and stamp duties.
- Check with banks to find out if you will be able to obtain the needed mortgage loan, select the appropriate payment method and calculate the amount of the mortgage loan to ensure it is within your repayment ability.
- Check recent transaction prices of comparable properties for comparison.
- Check with the vendor or the estate agent the estimated management fee, the amount of management fee payable in advance (if any), special fund payable (if any), the amount of reimbursement of the deposits for water, electricity and gas (if any), and/or the amount of debris removal fee (if any) you have to pay to the vendor or the manager of the development.

#### 3. Price list, payment terms and other financial incentives

- Vendors may not offer to sell all the residential properties that are covered in a price list. To know which residential properties the vendors may offer to sell, pay attention to the sales arrangements which will be announced by the vendors at least 3 days before the relevant residential properties are offered to be sold.
- Pay attention to the terms of payment as set out in a price list. If there are discounts on the price, gift, or any financial advantage or benefit to be made available in connection with the purchase of the residential properties, such information will also be set out in the price list.

#### 4. Property area and its surroundings

- Pay attention to the area information in the sales brochure and price list, and price per square foot/metre in the price list. According to the Residential Properties (First-hand Sales) Ordinance (Cap. 621) (the Ordinance), vendors can only present the area and price per square foot and per square metre of a residential property using saleable area. Saleable area, in relation to a residential property, means the floor area of the residential property, and includes the floor area of every one of the following to the extent that it forms part of the residential property (i) a balcony; (ii) a utility platform; and (iii) a verandah. The saleable area excludes the area of the following which forms part of the residential property air-conditioning plant room; bay window; cockloft; flat roof; garden; parking space; roof; stairhood; terrace and yard.
- Visit the development site and get to know the surroundings of the property (including transportation and community facilities). Check town planning proposals and decisions which may affect the property. Take a look at the location plan, aerial photograph, outline zoning plan and cross-section plan that are provided in the sales brochure.

#### 5. Sales brochure

- Ensure that the sales brochure you have obtained is the latest version. According to the Ordinance, the sales brochure made available to the public should be printed or examined, or examined and revised within the previous 3 months.
- Read through the sales brochure and in particular, check the following information in the sales brochure -
- ➤ Whether there is a section on "relevant information" in the sales brochure, under which information on any matter that is known to the vendor but is not known to the general public, and is likely to materially affect the enjoyment of a residential property will be set out. Please note that information contained in a document that has been registered with the Land Registry will not be regarded as "relevant information";
- > The cross-section plan showing a cross-section of the building in relation to every street adjacent to the building, and the level of every such street in relation to a known datum and to the level of the lowest residential floor of the building. This will help you visualize the difference in height between the lowest residential floor of a building and the street level, regardless of how that lowest residential floor is named;
- > interior and exterior fittings and finishes and appliances;
- > the basis on which management fees are shared;
- > whether individual owners have obligations or need to share the expenses for managing, operating and maintaining the public open space or public facilities inside or outside the development, and the location of the public open space or public facilities; and
- > whether individual owners have responsibility to maintain slopes.

#### 6. Government land grant and deed of mutual covenant (DMC)

- Read the Government land grant and the DMC (or the draft DMC). Information such as ownership of the rooftop
  and external walls can be found in the DMC. The vendor will provide copies of the Government land grant and
  the DMC (or the draft DMC) at the place where the sale is to take place for free inspection by prospective purchasers.
- Check the Government land grant on whether individual owners are liable to pay Government rent.
- Check the DMC on whether animals can be kept in the residential property.

#### 7. Agreement for sale and purchase

- Ensure that the preliminary agreement for sale and purchase (PASP) and agreement for sale and purchase (ASP) include the mandatory provisions as required by the Ordinance.
- Pay attention that fittings, finishes and appliances to be included in the sale and purchase of the property are inserted in the PASP and ASP.
- Pay attention to the area plan annexed to the ASP which shows the total area which the vendor is selling to you. The total area which the vendor is selling to you is normally greater than the saleable area of the property.
- A preliminary deposit of 5% of the purchase price is payable by you to the owner (i.e. the seller) on entering into a PASP.
- If you do not execute the ASP within **5 working days** (working day means a day that is not a general holiday or a Saturday or a black rainstorm warning day or gale warning day) after entering into the PASP, the PASP is terminated, the preliminary deposit (i.e. 5% of the purchase price) is forfeited, and the owner (i.e. the seller) does not have any further claim against you for not executing the ASP.
- If you execute the ASP within 5 working days after the signing of the PASP, the owner (i.e. the seller) must execute the ASP within 8 working days after entering into the PASP.
- The deposit should be made payable to the solicitors' firm responsible for stakeholding purchasers' payments for the property.

#### 8. Expression of intent of purchasing a residential property

• Note that vendors (including their authorized representative(s)) should not seek or accept any specific or general expression of intent of purchasing any residential property before the relevant price lists for such properties are made available to the public. You therefore should not make such an offer to the vendors or their authorized representative(s).

# 一手住宅物業買家須知

• Note that vendors (including their authorized representative(s)) should not seek or accept any specific expression of intent of purchasing a particular residential property before the sale of the property has commenced. - Note that if the vendor has appointed one or more than one estate agents to act in the sale of any specified residential property in the development, the price list for the development must set out the name of all the estate agents so appointed as at the date of printing of the price list.
- You may appoint any estate agent (not necessarily from those estate agency companies appointed by the vendor) to act in the purchase of any specified residential property in the development, and may also not appoint any estate agent to act on your behalf.
- Before you appoint an estate agent to look for a property, you should -
- > find out whether the agent will act on your behalf only. If the agent also acts for the vendor, he/she may not be able to protect your best interests in the event of a conflict of interest;
- > find out whether any commission is payable by you to the estate agent and, if so, its amount and the time of payment; and
- > note that only licensed estate agents or salespersons may accept your appointment. If in doubt, you should request the estate agent or salesperson to produce his/her Estate Agent Card, or check the Licence List on the Estate Agents Authority website: www.eaa.org.hk.

#### 10. Appointment of solicitor

- Consider appointing your own solicitor to protect your interests. If the solicitor also acts for the vendor, he/she may not be able to protect your best interests in the event of a conflict of interest.
- Compare the charges of different solicitors.

#### For first-hand uncompleted residential properties

#### 11. Pre-sale Consent

• For uncompleted residential property under the Lands Department's Consent Scheme, seek confirmation from the vendor whether the "Pre-sale Consent" has been issued by the Lands Department for the development.

#### 12. Show flats

- While the vendor is not required to make any show flat available for viewing by prospective purchasers or the general public, if the vendor wishes to make available show flats of a specified residential property, the vendor must first of all make available an unmodified show flat of that residential property and that, having made available such unmodified show flat, the vendor may then make available a modified show flat of that residential property. In this connection, the vendor is allowed to make available more than one modified show flat of that residential property.
- If you visit the show flats, you should always look at the unmodified show flats for comparison with the modified show flats. That said, the Ordinance does not restrict the discretion of the vendor in arranging the sequence of the viewing of unmodified and modified show flats.
- Sales brochure of the development should have been made available to the public when the show flat is made available for viewing. You are advised to get a copy of the sales brochure and make reference to it when viewing the show flats.
- You may take measurements in modified and unmodified show flats, and take photographs or make video recordings of unmodified show flats, subject to reasonable restriction(s) which may be set by the vendor for ensuring safety of the persons viewing the show flat.

#### For first-hand uncompleted residential properties and completed residential properties pending compliance

#### 13. Estimated material date

- Check the estimated material date<sup>1</sup> for the development in the sales brochure.
- Please note that:
- ➤ For development which is subject to the Lands Department Consent Scheme, the vendor shall notify the purchaser in writing that it is in a position validly to assign the property within one month after the issue of the Certificate of Compliance or the Consent to Assign, whichever first happens.
- ➤ For development which is not subject to the Lands Department Consent Scheme, the vendor shall notify the purchaser in writing that it is in a position validly to assign the property within 6 months after the issue of the Occupation Document including Occupation Permit.

#### For first-hand completed residential properties

#### 14. Vendor's information form

• Ensure that you obtain the "vendor's information form(s)" printed within the previous 3 months in relation to the residential property/properties you intend to purchase.

#### 15. Viewing of property

- Ensure that, before you purchase a residential property, you are arranged to view the residential property that you would like to purchase or, if it is not reasonably practicable to view the property in question, a comparable property in the development, unless you agree in writing that the vendor is not required to arrange such a comparable property for viewing for you. You are advised to think carefully before signing any waiver.
- You may take measurements, take photographs or make video recordings of the property, unless the property is held under a tenancy or reasonable restriction(s) is/are needed to ensure safety of the persons viewing the property.

The internal areas of the residential properties on the upper floors will generally be slightly larger than those on the lower floors because of the reducing thickness of the structural walls on the upper floors. (This does not apply to the residential properties in the Phase because the design of the Phase is such that the reducing thickness of the structural walls of residential properties on the upper floors does not increase the internal areas of those residential properties.) 因住宅物業的較高樓層的結構牆的厚度遞減,較高樓層的內部面積,一般比較低樓層的內部面積稍大。(不適用於期數內的住宅物業,因為期數的設計是較高樓層的住宅物業的結構牆的厚度遞減不會增加該等住宅物業的內部面積。)

The internal areas of the residential properties on the upper floors will generally be slightly larger than those on the lower floors because of the reducing thickness of the structural walls on the upper floors. (This does not apply to the residential properties in the Phase because the design of the Phase is such that the reducing thickness of the structural walls of residential properties on the upper floors does not increase the internal areas of those residential properties.) 因住宅物業的較高樓層的結構牆的厚度遞減,較高樓層的內部面積,一般比較低樓層的內部面積稍大。(不適用於期數內的住宅物業,因為期數的設計是較高樓層的住宅物業的結構牆的厚度遞減不會增加該等住宅物業的內部面積。)

## 公契的摘要

### C. 有關期數的管理人的委任年期

- 3. 「屋苑」的管理人的首屆任期由「主公契」的日期起計兩(2)年,並於期滿後獲繼續任職直至依照「主公契」條款終止委任為止。
- 4. 根據「主公契」,就「地鐵部分」及「九鐵部分」並無委任管理人。「地鐵部分」和「九鐵部分」分別由「地鐵部分」的業主和「九鐵部分」的業主管理和控制。

### D. 管理開支按甚麼基準在期數中的住宅物業的擁有人之間分擔

- 5. 「期數」中的住宅物業的擁有人應按照下列方式分擔管理開支:
  - (a) 「期數」中的住宅物業的所有業主(連同其他業主)須分擔「屋苑管理預算」(於「主公契」中定義)的開支, 該部分相等於分配予其擁有的「單位」(於「主公契」中定義)的「管理份數」(於「主公契」中定義)(連同 其他業主)除以分配予「屋苑」(於「主公契」中定義)的總「管理份數」。
  - (b) 「期數」中的住宅物業的業主(連同其他業主)須分擔「住宅發展項目管理預算」(於「主公契」中定義)的 開支,該部分相等於分配予其擁有的「單位」的「管理份數」(連同其他業主)除以分配予「期數」的總「管理份數」。
  - (c) 住宅物業的業主須分擔「住宅停車場管理預算」(於「主公契」中定義)的開支和費用的該等百分比(根據下述的公式計算),該部分相等於分配予其擁有的「住宅單位」的「管理份數」除以分配予所有「住宅單位」的總「管理份數」。開支的百分比的計算方法,是將「訪客停車位」(於「主公契」中定義)的總建築面積除以「停車位」(於「主公契」中定義)和「訪客停車位」的總建築面積。

如果管理人除了編制「屋苑管理預算」、「住宅發展項目管理預算」及「住宅停車場管理預算」以外,為「屋苑」的任何部分編制副管理預算或次級管理預算,應該只分攤歸屬於該等部分的費用,任何副管理預算或次級管理預算的開支應由該副管理預算或次級管理預算所涵蓋的「單位」的業主支付,該部分相等於分配予其擁有的「單位」的「管理份數」除以分配予由該副管理預算或次級管理預算所涵蓋的「屋苑」相關部分的總「管理份數」。
